Curriculum Feedback Collection, Analysis and Action Taken Report

For

Academic Year 2022-2023

Master of Business Administration (Information Technology)

A.Y. 2022-2023 Action taken report

Particulars / Action Point	Action Taken
Students Feedback for design and review of syllabus discussed with the students in the open house. There is slight disagreement on the syllabus.	Discussion in open house for this semester. Therefore, it is noted that it can be taken care further in the next open house meeting.
Teachers suggested courses/topic such as Focus on agile practitioners' approach	Teacher taking this course will be advised to take this as additional topic in the syllabus
Alumni suggested courses/topics such as 1. Data analytics tools such as Tableau should be taught and SQL for business analysis. 2. Product management should be a mandatory subject. R is much in demand for MBAs too. 3. Fundamentals of Economics, How to make money, Fundamentals of Finance, Business Case Studies, Organization Behaviour, Negotiation, Soft Skills and GK. There are many books one can read and get better knowledge than the subjects taught at SICSR. The curriculum needs to be updated, and it does not help anybody in the real world. Google 13 books to read instead of doing an MBA. They have more knowledge than the subjects in MBA IT at SICSR. Teachers need to go to depth, and not teach at a superficial level. I learnt more by myself than the MBA IT course here. 4. Artificial Intelligence Practicals 5. Supply Chain Management.	For the point 1 to 5 suggested topics these suggestions are noted and will be presented in next Programme reveiew committee as per the SIU process.
